

Light The Highway Prayer Guide

Week Four

Day One

“...Now the body is not for sexual immorality but for the Lord, and the Lord for the body.” I Corinthians 6:13b

Today, let's focus on the problem of sexual immorality in our nations. Prior to 1960, when there were laws in effect in many states against living together before marriage, it is estimated that 500,000 couples lived together without being married. After the laws were changed, co-habitation increased, for instance, between 1990-2000 by 72%. Statistics show that these relationships simply don't work for the most part.

Let's repent for the sin of immorality of our nation. If you had sex before marriage and have now repented, God can use you in a special way to pray for this sin to be reversed. Weep for the children who live in such situations and see this as normative.

Place this sin of your nation on the cross and ask God to heal the land.

Day Two

“Now these things become our examples, to the intent that we should not lust after evil things as they also lusted. Nor let us commit sexual immorality, as some of them did, and in one day twenty-three thousand fell; nor let us tempt Christ, as some of them also tempted.” I Corinthians 10:6,8a

Today let's focus on asking God to once again sweep the nation with exposure of sin and corruption at government levels. Cry out that holiness will reach the top levels of government.

Ask the Holy Spirit to expose, expose, expose. This is the day of exposing sin on national levels.

Day Three

“Woe to those who call evil good, and good evil; Who put darkness for light, and light for darkness; Who put bitter for sweet, and sweet for bitter!” Isaiah 5:20

Let's spend the day focusing on media and its affects on the culture and nation. There are certain “turning point” programs that have changed the course of nations, such as: “Three's Company (cohabitation) Friends (changing sexual partners on a regular basis) Will and Grace (Gay relationships as normal intermixed with heterosexual relationships). These are “hinge” programs. Spend the day repenting for active participation in this kind of programming. Ask the Lord to reverse the affects of these kinds of shows in our

generations. If your nation has not watched these shows, ask the Lord to show you what has affected your nation and culture. Let's "reverse" the culture back to righteousness. Pray for the believers in the film and motion picture industry that they may receive favor and finances along with God's wisdom.

Spend time today at the Ten Commandment prayer stations and ask the Lord how the culture has broken the commandments concerning sexual immorality. (Exodus 20:14)

Day Four

"For the land is full of adulterers; for because of a curse, the land mourns. The pleasant places of the wilderness are dried up. Their course of life is evil, and their might is not right."

Sexual sin brings a curse upon the land. We want the desert to blossom like a rose in our cities and nations! Ask the Holy Spirit to come in His power and expose sin in the church, city, and nation so that the curse can be broken and blessings and prosperity come to the land.

Pray that the pastors and Christian leaders will fulfill the biblical injunction to teach God's people the difference between the holy and the unholy. (Ezekiel 44:23)

Repent on behalf of the church's leadership who have not preached a message of holiness and pray that God will raise up a new generation of revivalist and holiness preachers.

Day Five

"Hear the word of the Lord, You children of Israel, For the Lord brings a charge against the inhabitants of the land, there is no truth or mercy or knowledge of God in the land. By swearing and lying, killing and stealing and committing adultery, they break all restraint, with bloodshed upon bloodshed, Therefore the land will mourn; And everyone who dwells there will waste away with the beasts of the field and the birds of the air; even the fish of the sea will be taken away." Hosea 4:1-3

Every city is full of crime. However, we sometimes do not realize the affect that it has on our cities and nation's blessings. Repent for the sin of murder, stealing, killing, and committing adultery. Ask the Lord to "heal your city". Pray for the police, sheriffs, and all law enforcement officials today.

Have you ever had a problem with lying? How about exaggeration? These are hidden root sins that need to be dealt with in order to cleanse a city. Do you have a problem with bad language or anger? Nail these the cross, root them out, and then weep and pray for your city.

Pray against pornography and ask God for stringent anti-porn laws. Organizations such as "Enough is Enough" are fighting against the effects of pornography in the cultures.

Studies indicate that child molesters reported that 53% of them deliberately used the stimuli of pornography as they prepared to offend. Grim consequences of adult-like sexual activity among children show that about one in four sexually experienced acquires a sexually transmitted disease every year-- resulting in three million cases of teenage STDs. Infectious syphilis rates have more than doubled among teenagers in the U.S. since the mid-1980's. Repent for the sin of the nation for molesting children and sexual predators and pray that they are caught and prosecuted.

Day Six

"You shall have no other gods before Me." Exodus 20:3

"In the beginning God created the heavens and the earth." Genesis 1:1

Let's focus on reversing the affects of humanism in our culture. The Humanist Manifesto, framed by: John Dewey, known as the Father of Modern Day Education, wrote that they believe that the faith in the prayer-hearing God, (*assumed to live and care for persons, to hear and understand their prayers, and to be able to do something them,*) is an unproved and outmoded faith. The Humanist Manifesto II from 1973 claims the next century as the humanistic century. Have they accomplished this? Yes, in many ways. Prayer was taken out of schools in 1962 and Bible reading in 1963.

What is the result? At least thirty of our public and private universities have classes on gay orientation paid for by taxpayer's money. There are courses such as Duke Universities' "queerness in advertising", and Homophobia and coming out. In addition there are courses that suggest that we need to take a second look at Karl Marx.

We must take our college and universities back from this kind of ideologies! We have now become our own God's and our children are suffering. Books for five years olds are in our classrooms such as The King Marries the King to orient our children. Supposed teaching on religion is being introduced into public schools that is really the opposite and is anti-Christian--showing Christianity in an eschewed light.

Pray for a revival on school campuses across the board. Repent for apathy and the church's withdrawal from participation in what the public schools; especially the universities are teaching our children.

Day Seven

"Woe to those who rise early in the morning, that they may follow intoxicating drink, who continue until night, 'til wine inflames them!" Isaiah 5:11

Today let's focus on the problem of binge drinking on college campuses and among the youth of the nations. It is estimated in the United States alone that four in five college students drink and that about half of college student drinkers engage in heavy episodic consumption known as binge drinking. More than 40% have engaged in binge drinking at least once during the past two weeks. Various campuses show this as a problem any

where from 1% to 70% in what is known as “party schools.” Thousands die from binge drinking each year while more than 500,000 hurt or injured while drinking. This is a plague on college campuses and must be reversed!

Cry out for God to raise up a Nazarite generation of youth to counter-act this problem. Repent for a generation of parents who took the lid off to this and other drug-related promiscuity from the 1967 “Summer of Love” in San Francisco and the “Revolution of 1968” in Germany. Many of the leaders of those past moves are in leadership in the universities and nations today. Pray for a godly turning-back to God and for the culture of drug-related activity, such as binge drinking to be reversed on our university campuses. We need a highway of holiness to go right through the university campuses of the nation with a wide-spread revival of righteousness.
